

Dear members, dear friends

We are happy to invite you to our Third Listening Session of 2024.

Violence against women in church and society

The topic of violence against women and girls is universal. The Catholic Church with its patriarchal and hierarchal structure, is no exception.

The CWC therefore believes that it is important to address violence against women in the church and its impact on society. This includes, sexual and spiritual abuse of women, the disregard for women's human rights, doctrines that deprive women of their rights and various forms of domestic violence.

Join us as we welcome four experts on this topic who will be sharing their insights and encouraging reflection on this pressing issue.

Speakers

Elissa Roper & Sr Scholastica (Papua New Guinea)

Virginia Saldanha (India)

Sofia Chipana Quispe (Bolivia)

Patrizia Morgante (Italy)

We encourage you to participate and invite everyone to register who may be interested in joining this session. Translation will be available in Italian, French, Spanish, German and English

Please use the registration link below to register.
