

Dear members, dear friends

We are happy to invite you to our Second Listening Session of 2024.

Moving ahead with women's sacramental ministries

This time we will take up an issue that women have been championing for centuries: the question of women's access to sacramental ministries.

While this topic is central to the synodal conversations around the world, the Vatican is continuing its delaying tactics and further sidelining this discussion. Women expect visible, concrete steps from a synodal church that affirm their equality in the life of the church, including access to all ordained ministries.

Join us as we welcome three experts on this topic who will enlighten us with their contributions and invite us to reflect on this urgent conversation.

Kate Mc Elwee

Executive director of the Women's Ordination Conference

Dr. Olga Consuelo Vélez

Professor and researcher at Fundación Universitaria San Alfonso in Colombia

Dr. Agnes M. Brazal

Senior professor at La Salle University in the Philippines

We encourage you to participate and invite everyone to register who may be interested in joining this session. Translation will be available in Italian, French, Spanish, German and English

Please use the registration link below to register.
